## Members of 1970 Graduating Class:

Many thanks for the very fine gifts you presented to me at your assembly program, but more important are the thanks I would like to extend for the privilege of having known you these past three years. These years have been wonderful years for me and I hope that you will be able to look on them as having been very formative and meaningful years to you.

The course of your life and your educational preparation will take you many places in the next few years. You are always to remember that this is your home school and that we are always available if you should need us in any way in the future.

May God Bless each of you -- the Grads of 1970.

Sincerely yours,

Robert E. Ford
